

Masters of Science in Surveying Engineering (MSURV)

Major Electives

Code	Title	Credits	Prerequisites	Corequisites
	Elective	3		
	Elective	3		
	Elective	3		
	Elective	3		
Total		12		

Core Requirements

Code	Title	Credits	Prerequisites	Corequisites
ENGG650	Engineering Profession & Ethics	3		
Total		3		

Major Requirements

Code	Title	Credits	Prerequisites	Corequisites
SURV500	Geographic Information Systems II	3		
SURV510	Remote Sensing	3		SURV500
SURV530	GPS II	3		
SURV550	Image Processing	3	SURV510	
SURV560	Advanced Digital Photogrammetry	3	SURV510	SURV560L
SURV560L	Advanced Digital Photogrammetry Lab	1		SURV560
SURV580	Geomatics for Civil Works	3		
SURV590	Map Projection	3		
SURV615	Surveying application II	3	SURV530	SURV695A
SURV620	Engineering Transportation and Roads Design	3	SURV580	
SURV670	Technology Of Construction	3	SURV580 - SURV620	
SURV695A	Master Thesis Project(Part I)	3	SURV560 - SURV520 - SURV590 - SURV580 - SURV510 - SURV500 - SURV530 - SURV550	
SURV695B	Master Thesis Project(Part II)	3	SURV695A	
Total		37		

Major Elective Courses

Code	Title	Credits	Prerequisites	Corequisites
SURV505	Computational Methods for Spatial Data Science	3		SURV500
SURV512	Hydrographic Surveying	3		SURV500
SURV520	Underground & Marine Survey	3		
SURV630	Drainage and Irrigation	3	SURV560	
SURV640	Geotechnical Engineering	3	SURV580	
SURV674	Marine Geology	3	SURV512	
SURV675	Computer Aided Drafting for Infrastructure & Road Design	3	SURV620 - SURV580	
SURV680	Environmental Impact Assessment for Surveying Engineering	3	SURV640
